ABOUT US

IMPACT
RUGBY UNION | RUGBY LEAGUE | TOUCH FOOTY

Impact Rugby was founded in Brisbane in 2005 and is Australian owned and operated.

We soon became known for our eye catching headgear which have been a feature of the NRL and Super Rugby competitions for a number of years.

In 2009 former Melbourne storm and NSW origin player Matt Geyer joined the business as a sales Director, Matt brings the same passion and commitment to his role as he did on the field.

Our product range has expanded to include a broad range of on and off field gear, we sell our products into all of the worlds established rugby playing nations.

We bring together a balance of manufacturing know-how and sporting experience along with a commitment to customer satisfaction, these have been the underlying factors in our growth as a brand.
